Public Notice #06-019-CM-C

Date: March 22, 2006

### **NOTICE OF A DRAFT CONSTRUCTION PERMIT**

**ZLLC**  
**SPANIEL LANE (OFF HIGHWAY 78)**  
**SUMMERVILLE, SOUTH CAROLINA**  
**(DORCHESTER COUNTY / REGION 7 CHARLESTON EQC OFFICE)**  
**AIR PERMIT NOS. 0900-0088-CA & 0900-0088-CB**

ZLLC has applied to the SC DHEC for permits to construct and operate a new boat manufacturing facility at the above-listed location. Draft construction permits and engineering calculation sheets have been written by the BAQ outlining the proposed project and applicable regulations. If approved, these permits will enable the facility to construct and operate in compliance with State and Federal Air Quality Regulations. The draft permits have not yet been approved and are open to comment from the public and the United States Environmental Protection Agency (EPA).

Operations at this facility will include molding and fiberglass cutting & grinding using various pieces of equipment. If approved, emissions generated by this facility will include Particulate Matter (PM)/PM less than 10 Microns in Diameter, Sulfur Dioxide, Nitrogen Oxides, Carbon Monoxide, Volatile Organic Compounds (VOCs), and Hazardous Air Pollutants (HAPs). A federally enforceable, facility-wide limit of less than 100 tons per year (TPY) of VOC emissions will restrict the facility's potential to emit (PTE) to below Prevention of Significant Deterioration (PSD) major source thresholds. This limit will also restrict the facility's PTE to below major source levels as defined by SC DHEC Regulation 61-62.5; Standard No. 5.1 "Best Available Control Technology (BACT)/Lowest Achievable Emission Rate (LAER) Applicable to VOCs." In addition, federally enforceable, facility-wide limits of 10 TPY of any single HAP, and 25 TPY of any combination of HAPs, will be imposed at the facility thereby enabling it to avoid applicable Maximum Available Control Technology (MACT) Standards as defined by Title 40 of the Code of Federal Regulations, Part 63 "National Emission Standards for Hazardous Air Pollutants for Source Categories."

In accordance with SC DHEC Regulation 61-62.1, Section II G(5)(d), if approved, and upon issuance of the draft construction permits, no additional public comment period will be required for the facility to obtain a Conditional Major Operating Permit, unless a change in the original construction and/or operational plan is proposed prior to issuance of the construction permits. All emissions limitations and conditions in the draft construction permits have been written to ensure that this facility operates as a Conditional Major Source.

Interested persons may review the materials drafted and maintained by DHEC for this facility and submit written comments on the draft permit by April 20, 2006 to Ms. Denise Hall at the above DHEC address. All comments received by April 20, 2006 will be considered when making a final decision regarding the draft permit. Where there is a significant amount of public interest, DHEC may hold a public hearing to receive additional comments. Public hearing requests should be made in writing to Ms. Donna Moye at the above DHEC address or by e-mail at: [moyedd@dhec.sc.gov](mailto:moyedd@dhec.sc.gov). If a public hearing is requested and held, notice will be given in this publication thirty (30) days in advance. Requests for contested case hearings may be filed after a final decision has been made. Contested case information is available from the Office of General Counsel at the above DHEC address or by calling (803) 898-3350. Information relative to the draft permit will be made available for review through April 20, 2006 at the DHEC Columbia Office listed above and at the following location:

SC DHEC, Region 7 Charleston EQC Office, 1362 McMillan Avenue, Suite 300, Charleston, SC 29405 at (842) 740-1590.

The BAQ maintains a county-based mailing list for persons interested in receiving notification of BAQ public notice actions. If you would like to be added to this list, please submit a request with your name, address, and counties of interest to Donna Moye at the above DHEC address or e-mail. Information on permit decisions and hearing procedures is available by contacting DHEC at either address listed above. Copies of a draft permit or other related documents must be requested in writing at a \$.25 per page charge.

Please bring this notice to the attention of persons you know will be interested in this matter.
